"After searching for many hours, I decided to call Lucas Marc Design because I was really impressed with what I saw on their website. Their design techniques really caught my eye because they are crisp, to the point and very professional looking. After speaking with Luke briefly, I realized very quickly that I wasn't going to go with anyone else. He listened to what I wanted and built off of that. I asked his opinion on many things and more than not, went with what he recommended knowing that he has an eye for what would "sell." Luke is very easy to work with and always got back to me very quickly. I am extremely happy I found Lucas Marc Design and will not go anywhere else. I would recommend giving all business to Lucas Marc Design."

— Stephanie Staheli, Staheli's Shooting Supplies

"Luke helped to design a great logo for our newly formed coffee company. He has a great eye for color and content and the process he used for sussing out my taste was great! I highly recommend him!"

— Jade DeCosta, Big Kahuna Coffee

"You can't go wrong by using Lucas Marc Design to do any design for whatever you need. This guy rocks! For me it was totally right on the first try and that never happens!"

— Anne Diehl, A Paper Cut Above

"Luke Baker created my logo for our Chiropractic Clinic. He took the ideas of how I wanted my image to be and created a logo that reflected that. We had a makeshift logo, but Luke took it to the next level and beyond. We now have a logo that is clean, clear and effective. We use it on everything and are proud to use it."

— Dr. Steve Baker, Accident & Injury Chiropractic Clinic

The logo for 'selph' features the word in a lowercase, sans-serif font. A small green square is positioned between the 'l' and 'p'.

"I contacted Luke at Lucas Marc Design to have him design a logo for my new business. Right away I discovered Luke was a great listener, is very encouraging, and is easy to talk to. I'm not a bit creative so it was a lot of fun (and relieving) to see the design concepts Luke created for me from my few ideas. The designs were awesome. I loved Luke's work so much that I asked him to create business cards, stationery, envelopes, and a custom website. Luke has made the intimidating process easy. I have been impressed with his fantastic suggestions, how quickly he responds to my questions, and his integrity. Luke has always made sure I get exactly what I want. I even referred my husband Rance to Lucas Marc Design for help with his new business, H2Rx. He absolutely loves his new logo, business cards, and website. Thanks for everything Luke!"

— Vicki Hutchings, SelphClothing.com ... (Rance Hutchings, H2Rx)

The logo for 'H2Rx' features a cluster of blue and white hexagons on the left, followed by the text 'H2Rx' in a blue, sans-serif font.

"I made a bold decision to update my logo and branding years after I'd started my business. I didn't want to completely lose all I had invested into our brand. Yet I felt that my "inhouse logo" we originally created had many limitations that needed to be changed in order to grow to the heights I desired.

"I was referred to Lucas Marc Design. They have an eye and gift to design and impress. They were able to remove all the limitations we had and still keep the general idea of our previous logo while completely updating and creating a new look and feel—incredible. I am very pleased with the logo and branding we have today. I have had them work on several more projects since. Our new logo and branding have no limitations to the heights we are going to achieve, we have felt the momentum already. Thank you, Lucas Marc Design!"

— Bradley Lavery, Western Timber Frame, Inc.

The logo for 'PBG' features a stylized orange triangle to the left of the letters 'PBG' in a bold, sans-serif font. Below it, the text 'PROFESSIONAL BUILDING GROUP' is written in a smaller, sans-serif font.

"Thanks to Lucas Marc Design for their talent and help with our logo. It was a fantastic experience with a great result. It is amazing the story that they are able to tell about our company through their vision and art. We love our new look! Thanks for helping us look really really ridiculously good looking!"

— Gordon Wood, Professional Building Group
